General Policy

Students enrolled in the School must attend School regularly in accordance with the laws of the State. The educational program offered by the School is predicated upon the presence and punctuality of the student and requires continuity of instruction and classroom participation. A parent must contact the School in accordance with the procedure set forth in Policy 252 whenever a student is absent.

Attendance shall be required of all students enrolled at the School during the days and hours that the School is in session. Attendance need not always be within the School facilities, but a student will be considered to be in attendance if present at any place where School is in session by authority of the Board.

Excused Absences

Absences due to the following will be excused:

1. Personal physical illness such as to prevent attendance at School (at the discretion of the Principal or his/her designee, a written statement from a physician may be required).
2. Personal mental illness such that the student will not benefit from instruction (at the discretion of the Principal or his/her designee, a written statement from a physician/mental health professional may be required).
3. Illness in the family (at the discretion of the Principal or his/her designee, a written statement from a physician and an explanation as to why the child's absence was necessary may be required).
4. Quarantine of the home (absence will be excused for the duration of the quarantine as determined by proper health officials).
5. Death in the family (absence will be excused for no more than eighteen (18) hours unless the Principal or his/her designee determines that a longer absence is reasonably necessary).
6. Medical or dental appointments (at the discretion of the Principal or his/her designee, a written statement from a physician confirming the appointment may be required).
7. Observance of religious holidays.
8. College or university visits (at the discretion of the Principal or his/her designee, verification of the date and time of the visit may be requested).
9. Absence due to a placement in or changes to a foster care placement or any court proceeding related to a student's foster care status.
10. Absences due to a student being homeless.

11. Necessary work in a family business or on a family farm (after proof of necessary absence is provided to the Principal or his/her designee).
12. Instruction at home from a person qualified to teach the branches of education in which instruction is required (after adequate certification of home instruction has been provided to the Principal or his/her designee).
13. An emergency or set of circumstances which in the judgment of the School constitutes a good and sufficient cause for absence.
14. If a student is absent from School for the sole purpose of traveling out of state to participate in a School-approved enrichment activity or extracurricular activity, the School shall count that absence as an excused absence, up to a maximum of twenty-four (24) hours per school year that the School is open for instruction. The student must complete any classroom assignments he/she misses due to the absence. If the student will be absent for twenty-four (24) or more consecutive hours that the School is open for instruction, a classroom teacher must accompany the student during the travel period to provide the student with instructional assistance in order to count the student as in attendance.

The Principal or his/her designee reserves the right to verify statements and to investigate the cause of absence.

Withdrawal

A student who fails to participate in one hundred five (105) consecutive hours of learning opportunities will be automatically withdrawn, unless the student's absence is excused. Otherwise, a parent may withdraw a student voluntarily by signing a Voluntary Withdrawal form with the Principal or his/her designee.

Whenever a student withdraws from the School voluntarily, the Student's teacher shall attempt to ascertain the reason for withdrawal and shall immediately inform the Superintendent or his/her designee of the reason for the withdrawal. If the Student voluntarily withdrew from the School as a result of a change in residence, the Superintendent or his/her designee shall notify the superintendent of the district to which the Student has moved of all essential information regarding the Student, including the Student's new address.

If the Superintendent or his/her designee becomes aware that a Student who has withdrawn from the School for reasons other than a change of residence is not enrolled in another school, the Superintendent or his/her designee shall notify the registrar of motor vehicles and the juvenile judge of the county in which the School is located of the Student's likely violation of the State's compulsory education laws. Notice shall be given within two weeks and shall include the Student's name, address, date of birth, School, and the district where the Student resides. Any notice given in error shall be immediately rescinded by the Superintendent or his/her designee.

Disciplinary Action for Unexcused Tardiness or Absence

Repeated unexcused absences/tardiness may be grounds for disciplinary action that will not include suspension or expulsion.

A student is tardy when a student is more than five minutes late for School or for a class. If a student misses more than half a class, the student will be marked absent for the class. When tracking hours of missed instruction for excessive absence and truancy purposes, the School shall (select one):

Ö Track tardiness and early dismissals to the nearest hour of missed instruction for each instance of tardiness or early dismissal per day (e.g., if a student is 35 minutes tardy to school and leaves school 45 minutes early, the student shall be counted as absent for two (2) hours of that day).

Students shall not be considered absent for purposes of habitual truancy calculations while out of class

for a legitimate reason, including but not limited to restroom breaks, visits to the nurses office, counselor meetings, or remediation sessions.

Any student who, due to a medically-documented physical or mental impairment, is absent for an extended period will not be disciplined. Such students may be entitled to receive an education tailored to their individual needs or abilities as provided for under federal and/or state law.

Truancy and Absence Intervention Strategies

The Principal or his/her designee may act as the School's attendance officer or delegate that duty as permitted by law. The School's attendance officer shall investigate possible School attendance violations, and is authorized under Ohio law, to serve warrants, to enter places where children of compulsory School age are employed, and to take such other actions as may be necessary to enforce the compulsory education laws.

A student is excessively absent from school if a student is absent from the School with or without legitimate excuse for thirty-eight (38) or more hours in one (1) school month or sixty-five (65) or more hours in one (1) school year. Within seven (7) days of a student becoming excessively absent from School, the attendance officer shall notify the student's parents of the student's absences in writing.

A student is habitually truant if the student is absent without a legitimate excuse for thirty (30) or more consecutive hours, for forty-two (42) or more hours in one (1) school month, or seventy-two (72) or more hours in one (1) school year.

Legitimate excuses for the absence of a student otherwise habitually truant include but are not limited to:

1. the student was enrolled in another school;
2. the student's absence was excused in accordance with applicable law or policy; or,
3. the student has received an age and schooling certificate.

If the student is habitually truant and the student's parents have failed to cause the student's attendance, the School will assign the student to an absence intervention team ("AIT") within ten (10) days. The Principal or designee selects the AIT members, who shall include a representative of the School who knows the child and the child's parent, guardian, custodian, guardian ad litem, or temporary custodian. Members may also include a school psychologist, counselor, social worker, or representative of a public or nonprofit agency designed to assist students and their families in reducing absences.

Within seven (7) days of the School's determination that the student is a habitual truant, the School will make at least three (3) reasonable, meaningful attempts to secure the child's parent, guardian, or custodian's (for the purposes of this policy, "parent") participation on the AIT. If the parent responds to attempts but is unable to attend, the School will notify the parent of the right to participate by designee. In the event the parent does not respond to the attempts at all, the School will investigate whether the failure to respond triggers child abuse and neglect reporting requirements and instruct the other members of the AIT to develop a plan for the child.

Within fourteen (14) days after its formation, the AIT will develop a written plan to reduce or eliminate Student's further absences. The AIT plan will state that a complaint will be filed in juvenile court alleging that the child is an unruly child not later than sixty-one (61) days after implementation if the child refuses to participate in or fails to make satisfactory progress on the plan or other alternatives to adjudication. The School will make reasonable attempts to provide student's parent with written notice of the plan within seven (7) days of development.

If a student becomes habitually truant during the last twenty-two (22) school days of the year, the School may assign one official to work with the parent and develop an AIT plan in lieu of forming a full AIT.

AIT Exemption: The School shall be exempt from AIT procedural requirements if it has a chronic

absenteeism rate of less than 5% of the student body per the last state report card.

Effective beginning with the 2017-2018 school year, the School shall employ absence intervention strategies for all students who are excessively absent from School. Such strategies shall include the following, if applicable:

1. Providing a truancy intervention plan for any student who is excessively absent from school;
2. Providing counseling for a habitual truant;
3. Requesting or requiring a parent to attend parental involvement programs;
4. Requesting or requiring a parent to attend truancy prevention mediation programs;
5. Notification of the registrar of motor vehicles of student's truancy status if the student misses sixty consecutive hours of instruction or ninety hours of instruction during the course of the school year; and
6. Taking legal action under R.C. 2919.222, 3321.20, and/or 3321.38.

Absence Intervention Plans for Remedial and Obtaining Credit

If a student becomes excessively absent or habitually truant, the student will receive a "No Grade" (NG) on their report card and transcripts if applicable. If a student receives a "NG" they will not receive credit. "NG" will not be categorized as a "failure." Students who receive a "NG" will be able to perform remedial work to receive their grade and credits.

Students can receive their grade and credit in a class by performing one of the following options before the end of the applicable school year (School year ends at the end of July):

- 1.0 hour of work (Online, independent study, or face to face instruction) for each class period missed, with verification of participation and completion provided by the Parent or Teacher to the satisfaction of the School
- pass an exam covering content in a specified course curriculum
- Develop a credit flexibility plan (9-12 only)
- Complete a specified project based on the project based learning guidelines

All absence intervention plans must include tailored intervention strategies for attendance specific to the student's needs. Each absence intervention plan must also address preventative measures for absences, which may mitigate the need for the "NG" designation if preventative measures are successful.

On the 61st day after the implementation of an absence intervention plan or other intervention strategy, the attendance officer shall file a complaint with the juvenile court against a student, if all of the following apply:

1. the student is a habitual truant;
2. the School has made meaningful attempts to re-engage the student through the absence intervention plan, other intervention strategies, and any other offered alternatives to adjudication; and
3. the student has refused to participate in or failed to make satisfactory progress on the plan, as determined by the absence intervention team, or any offered intervention strategies or alternatives to adjudication.

If the 61st day falls during the summer months, at the School's discretion, the absence intervention team

or attendance officer may extend the implementation of the plan and delay filing the complaint for an additional thirty (30) days from the first day of instruction of the next school year.

If, however, at any time during the implementation phase of the absence intervention plan or other intervention strategy, the student is absent without legitimate excuse for thirty (30) or more consecutive hours or forty-two (42) or more hours in one school month, the attendance officer shall file a complaint with the juvenile court against the student, unless the absence intervention team has determined that the student has made substantial progress on the absence intervention plan.

The Principal or his/her designee is also authorized to establish a parent education program for parents of students who are habitually truant. Any parent assigned to the program who does not complete the program is to be reported to law enforcement authorities for neglect of parent education, a fourth class misdemeanor if found guilty.

This Board consulted with the juvenile court of the counties in which the School is located, parents of students attending the School, and state and local agencies deemed appropriate by the Board prior to adopting this policy.

Immunization Requirements For Incoming 7th Grade Students

Effective with the 2010-2011 school year and for the future, 1 dose of TDAP (Tetanus, diphtheria and acellular pertussis, adolescent and adult formulation) or TD (Tetanus and diphtheria, adult) vaccine shall be required PRIOR TO ENTERING THE SEVENTH (7TH) GRADE. This dose is intended to be administered as a BOOSTER dose for students who have completed the required doses of the initial series of TDAP/DT/TD vaccine.

Any students who completed the original DTP/ TDAP/DT series and later received TD or TDAP for an injury or other reason within 5 years of entering 7th grade will meet this requirement and not need to be re-immunized for entry to 7th grade.

Parents are strongly encouraged by the Ohio Board of Health to get TDAP as a booster for your child rather than only TD vaccine due to the re-emergence of pertussis (whooping cough).

All incoming 7th grade students are required to show proof of having received the TDAP or TD vaccine prior to the beginning of the school year or they will not be permitted to attend until such proof is provided.

Please call your doctor for further questions regarding the vaccine. Please school an appointment now!

Please return proof of immunization to the office prior to the first day of school.

Also:

Students entering grades 7-12 must have the vaccination for Meningococcal disease.

NEW OHIO A, C, W, Y MENINGOCOCCAL VACCINE REQUIREMENTS for 2016-2017 SCHOOL YEAR

The Ohio Department of Health's Director's Entry for immunizations includes requirements for vaccination for school students covering Hepatitis B, Rubella, Measles, Mumps, Polio, and Varicella (Chickenpox).

MISSING-CHILD, EMERGENCY-RESPONSE, QUICK-REFERENCE GUIDE FOR FAMILIES

[] Contact your local law-enforcement agency as soon as you have determined your child is missing or has been abducted. Do not delay in reporting your child missing to law enforcement.

[] Search any area into which a child could crawl or hide and possibly be asleep or unable to get out. This includes closets, piles of laundry, in and under beds, inside large appliances, in vehicles including trunks, or any other space into which a child might fit. Check areas where your child was last seen or may have played such as open or abandoned wells, caves, sheds, buildings, and crawl spaces.

[] Provide law enforcement with the date, time, and location where your child was last seen, if known.

[] Provide law enforcement with the name(s) of the last person/people who saw your child, if known.

[] Determine the names or descriptions of companions or associates last seen with your child.

[] Secure your child's room and personal belongings until law enforcement has the opportunity to conduct a search.

[] Identify and secure any computers and wireless devices used by your child, but do not attempt to conduct a search of these devices on your own. Ask law enforcement to look for clues in any chat and social-networking websites your child has visited or hosts.

- Provide law enforcement with information about your child's general health and any medical conditions or concerns.
- Compile descriptive information about your child and have the information available to provide to the first-responding, law-enforcement investigator. Descriptive information should include items and information such as a recent, clear, color photo of your child; video of your child; a description of the clothing worn at the time the child was last seen; cell and other phone numbers; date of birth; hair and eye color; height; weight; complexion; identifiers such as eyeglasses or contact lenses, braces, body piercings, tattoos; and/or other unique physical attributes.
- Ask the responding officer if immediate community notification, such as an AMBER AlertTM,^[1] has been considered.
- Ask the responding officer if a neighborhood canvass will be conducted.
- Restrict access to the home, no matter where your child was last seen, until law enforcement has arrived and had the opportunity to search the home and surrounding area.
- Try to keep all phone lines open.
- Provide law enforcement with information regarding custody issues, if any, including court-ordered visitation conditions.
- Provide law enforcement with information about any recent changes in your child's behavior.
- Provide law enforcement with information about any individuals who have recently shown unusual attention to or interest in your child.
- Obtain the name of and contact information for the primary investigator assigned to your child's case.
- Report your missing child to the National Center for Missing & Exploited Children[®] (NCMEC) at 1-800-THE-LOST[®] (1-800-843-5678).
- Verify, through the investigating law-enforcement agency, that information about your missing child has been entered into the National Crime Information Center (NCIC) Missing Person File. Federal law^[2] requires law enforcement to enter information about a missing child into NCIC no more than two hours after the receipt of the report.
- Report your missing child to the missing-child clearinghouse in your state or territory. To find your missing-child clearinghouse visit www.missingkids.com, and from the home page click on the "More Services" and "Missing-Child Clearinghouse Program" links.
- Contact nonprofit organizations in your area assisting families of missing children. For information about organizations in your area contact the Association of Missing and Exploited Children's Organizations (AMECO) at 1-877-263-2620 or visit www.amecoinc.org.
- Contact the National Runaway Switchboard, if your child may be a runaway, at 1-800-RUNAWAY (1-800-786-2929) or visit www.1800runaway.org for assistance including information about developing communication with your child.
- Prepare posters of your missing child including a recent photo and descriptive information and post them within the local community. NCMEC may be able to provide you with copies of your child's poster as soon as the poster has been certified by them for distribution.
- Make every effort to obtain local and national media attention regarding your missing child. Conduct television, radio, and newspaper interviews to discuss and direct attention to your child.
- Obtain medical records from your child's doctor and dental records from your child's dentist.

Provide a DNA sample to law enforcement if you already have one. If not, collect samples from your missing child's possessions such as his or her toothbrush, baby's teeth, hair brush used exclusively by your child for at least one month, and used bandage with dried blood.

Provide fingerprints and dental charts to law enforcement if you have them.

Provide law enforcement with detailed information about the description and characteristics of the abductor if he or she is known to you.

Provide law enforcement with the abductor's photo, driver's license number, credit-card numbers, cell and other phone numbers, passport numbers, and any other available information useful for tracking purposes if known.

Contact the U.S. Department of Justice's Office for Victims of Crime for possible financial assistance at 1-800-851-3420 or visit www.ovc.gov. Also check your local phone directory for crime-victim-compensation or crime-victim-assistance programs.

Stay in regular contact with law enforcement, the media, and local government officials during the search for your child.

Conduct periodic press conferences and plan events related to the search for your child to help keep the disappearance in the public eye.

Notify law enforcement, NCMEC, and other agencies assisting in the search as soon as your child is located.

[1] Although the search for every missing child is important, AMBER Alerts are not designed for use in all missingchild cases and are issued only when abducted children are facing imminent danger. AMBER Alerts are designed to rapidly notify the public of a child's abduction. The criteria for dissemination of an AMBER Alert varies among states and territories. To obtain more information about AMBER Alerts in your area visit www.amberalert.gov, and from the home page click on the "State AMBER Alert Contacts" link.

[2] The Adam Walsh Child Protection and Safety Act (Pub. L. No. 109-248) mandates NCIC entry must be made by law enforcement within two hours of receipt of a report of a missing or abducted child. This two-hour requirement replaces the term "immediately" in the National Child Search Assistance Act (NCSAA, 42 U.S.C. §§ 5779 and 5780).

This Checklist was created and published by NCMEC and is to be given to families by law enforcement during an emergency response to a report of a missing or abducted child. NCMEC, at 1-800-THE-LOST® (1-800-843-5678) or www.missingkids.com, offers a wealth of resources to assist families and law enforcement in the search for a missing or abducted child or cases involving the sexual exploitation of a child. To protect your student's safety, The Maritime Academy of Toledo will adhere to the following medication policy. Beginning in August, 1996 it is required that BOTH parent's AND physician's signature are on file before any prescription OR non-prescription medication can be administered by The Academy. This includes all medications including such over-the-counter products as Tylenol, Advil, Dimetapp, Aspirin, etc.

Although this may cause you some inconvenience, this policy is best for the continued protection of your child and must be followed. If we do not have your written permission and the written permission of your physician, the medication will not be given to your child. Permission forms can be obtained by contacting the school office or on the school's website at www.maritimeacademy.us.

In order for your child to receive any medication at school, please follow these policies and procedures exactly:

1. A written request must be obtained from the doctor and the parent/guardian. This request must include the name of the medication, dosage, time it is given during school hours, and duration.
2. The medication must be in its original container and have a fixed label which indicates the student's name, name of medication, dosage, method of administration and time of administration.
3. When the empty prescription bottle is returned to you, please send the refill to school promptly.
4. The medication and the signed permission forms must be brought to the school by the parent or guardian.
5. Wherever possible, please include a photo of your child with the permission form.
6. New permission forms must be re-submitted each school year, and are necessary for any changes in medication orders.
7. If your child is taken off medication or will no longer receive it at school, please put your request in a dated, written note as soon as possible. If the medication is not picked up from the health aide or school office within 10 days, it will be properly disposed.

*

I certify that I have read the medication policy and will not ask school officials to give my child/teen medication at any time without first giving written permission. I understand that this also means any over the counter medication including tylenol, ibuprofen, antacid, etc.

I understand that I can get the medication dispensing form from the Helm at School or by visiting www.maritimeacademy.us.

The Maritime Academy of Toledo School District is pleased to make available to students access to interconnected computer systems within the District and to the Internet, the world-wide network that provides various means of accessing significant educational materials and opportunities. In order for the School District to be able to continue to make its computer network and Internet access available, all students must take responsibility for appropriate and lawful use of this access. Students must understand that one student's misuse of the network and Internet access may jeopardize the ability of all students to enjoy such access. While the School's teachers and other Staff will make reasonable efforts to supervise

student use of network and Internet access, they must have student cooperation in exercising and promoting responsible use of this access. Below is the Acceptable Use and Internet Safety Policy ("Policy") of the School District and the Data Acquisition Site that provides Internet access to the School District. Upon reviewing, signing, and returning this Policy as the students have been directed, each student will be given the opportunity to enjoy Internet access at School and is agreeing to follow the Policy. If a student is under 18 years of age, he or she must have his or her parents or guardians read and sign the Policy. The School District cannot provide access to any student who, if 18 or older, fails to sign and submit the Policy to the School as directed or, if under 18, does not return the Policy as directed with the signatures of the student and his/her parents or guardians. Listed below are the provisions of your agreement regarding computer network and Internet use. If you have any questions about these provisions, you should contact the person that your School has designated as the one to whom you can direct your questions. If any user violates this Policy, the student's access will be denied, if not already provided, or withdrawn and he or she may be subject to additional disciplinary action.

I. **PERSONAL RESPONSIBILITY:** By signing this Policy, you are agreeing not only to follow the rules in this Policy, but are agreeing to report any misuse of the network to the person designated by the School for such reporting. Misuse means any violations of this Policy or any other use that is not included in the Policy, but has the effect of harming another or his or her property.

II. **TERM OF THE PERMITTED USE:** A student who submits to the School, as directed, a properly signed Policy and follows the Policy to which she or he has agreed will have computer network and Internet access during the course of the school year only. Students will be asked to sign a new Policy each year during which they are students in the School District before they are given an access account.

III. **ACCEPTABLE USES:**

A. **Educational Purposes Only.** The School District is providing access to its computer networks and the Internet for only educational purposes. If you have any doubt about whether a contemplated activity is educational, you may consult with the person(s) designated by the School to help you decide if a use is appropriate.

B. **Unacceptable Uses of Network.** Among the uses that are considered unacceptable and which constitute a violation of this Policy are the following:

§ Uses that violate the law or encourage others to violate the law. Don't transmit offensive or harassing messages; offer for sale or use any substance the possession or use of which is prohibited by the School District's Student Discipline Policy; view, transmit or download pornographic materials or materials that encourage others to violate the law; intrude into the networks or computers of others; and download or transmit confidential, trade secret information, or copyrighted materials. Even if materials on the networks are not marked with the copyright symbol, you should assume that all materials are protected unless there is explicit permission on the materials to use them.

§ Uses that cause harm to others or damage to their property. For example, don't engage in defamation (harming another's reputation by lies); employ another's password or some other user identifier that misleads message recipients into believing that someone other than you is communicating or otherwise using his/her access to the network or the Internet; upload a worm, virus, "trojan horse," "time bomb" or other harmful form of programming or vandalism; participate in "hacking" activities or any form of unauthorized access to other computers, networks, or information systems.

§ Uses that jeopardize the security of student access and of the computer network or other networks on the Internet. For example, don't disclose or share your password with others; don't impersonate another user; don't connect wireless devices to the computer network or attempt to intercept wireless communications.

§ Uses that are commercial transactions. Students and other users may not sell or buy anything over the

Internet. You should not give others private information about you or others, including credit card numbers and social security numbers.

C. Netiquette. All users must abide by rules of network etiquette, which include the following:

§ Be polite. Use appropriate language. No swearing, vulgarities, suggestive, obscene, belligerent, or threatening language.

§ Avoid language and uses which may be offensive to other users. Don't use access to make, distribute, or redistribute jokes, stories, or other material which is based upon slurs or stereotypes relating to race, gender, ethnicity, nationality, religion, or sexual orientation.

§ Don't assume that a sender of e-mail is giving his or her permission for you to forward or redistribute the message to third parties or to give his/her e-mail address to third parties. This should only be done with permission or when you know that the individual would have no objection.

§ Be considerate when sending attachments with e-mail (where this is permitted). Be sure that the file is not too large to be accommodated by the recipient's system and is in a format which the recipient can open.

IV. INTERNET SAFETY:

A. General Warning; Individual Responsibility of Parents and Users. All users and their parents/guardians are advised that access to the electronic network may include the potential for access to materials inappropriate for school-aged pupils. Every user must take responsibility for his or her use of the computer network and Internet and stay away from these sites. Parents of minors are the best guide to materials to shun. If a student finds that other users are visiting offensive or harmful sites, he or she should report such use to the person designated by the School.

B. Personal Safety. Be safe. In using the computer network and Internet, do not reveal personal information such as your home address or telephone number. Do not use your real last name or any other information which might allow a person to locate you without first obtaining the permission of a supervising teacher. Do not arrange a face-to-face meeting with someone you "meet" on the computer network or Internet without your parent's permission (if you are under 18). Regardless of your age, you should never agree to meet a person you have only communicated with on the Internet in a secluded place or in a private setting.

C. "Hacking" and Other Illegal Activities. It is a violation of this Policy to use the School's computer network or the Internet to gain unauthorized access to other computers or computer systems, or to attempt to gain such unauthorized access. Any use which violates state or federal law relating to copyright, trade secrets, the distribution of obscene or pornographic materials, or which violates any other applicable law or municipal ordinance, is strictly prohibited.

D. Confidentiality of Student Information. Personally identifiable information concerning students may not be disclosed or used in any way on the Internet without the permission of a parent or guardian or, if the student is 18 or over, the permission of the student himself/herself. Users should never give out private or confidential information about themselves or others on the Internet, particularly credit card numbers and Social Security numbers. A supervising teacher or administrator may authorize the release of directory information, as defined by Ohio law, for internal administrative purposes or approved educational projects and activities.

E. Active Restriction Measures. The School, either by itself or in combination with the Data Acquisition Site providing Internet access, will utilize filtering software or other technologies to prevent students from accessing visual depictions that are (1) obscene, (2) child pornography, or (3) harmful to minors. The School will also monitor the online activities of students, through direct observation and/or technological means, to ensure that students are not accessing such depictions or any other material which is inappropriate for minors. Internet filtering software or other technology-based protection

systems may be disabled by a supervising teacher or school administrator, as necessary, for purposes of bona fide research or other educational projects being conducted by students age 17 and older. The term "harmful to minors" is defined by the Communications Act of 1934 (47 USC Section 254 [h][7]), as meaning any picture, image, graphic image file, or other visual depiction that –taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion; –depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; –taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.

F. PRIVACY: Network and Internet access is provided as a tool for your education. The School District reserves the right to monitor, inspect, copy, review and store at any time and without prior notice any and all usage of the computer network and Internet access and any and all information transmitted or received in connection with such usage. All such information files shall be and remain the property of the School District and no user shall have any expectation of privacy regarding such materials.

G. FAILURE TO FOLLOW POLICY: The user's use of the computer network and Internet is a privilege, not a right. A user who violates this Policy, shall at a minimum, have his or her access to the computer network and Internet terminated, which the School District may refuse to reinstate for the remainder of the student's enrollment in the School District. A user violates this Policy by his or her own action or by failing to report any violations by other users that come to the attention of the user. Further, a user violates this Policy if he or she permits another to use his or her account or password to access the computer network and Internet, including any user whose access has been denied or terminated. The School District may also take other disciplinary action in such circumstances.

H. WARRANTIES/INDEMNIFICATION: The School District makes no warranties of any kind, either express or implied, in connection with its provision of access to and use of its computer networks and the Internet provided under this Policy. It shall not be responsible for any claims, losses, damages or costs (including attorney's fees) of any kind suffered, directly or indirectly, by any user or his or her parent(s) or guardian(s) arising out of the user's use of its computer networks or the Internet under this Policy. By signing this Policy, users are taking full responsibility for his or her use, and the user who is 18 or older or, in the case of a user under 18, the parent(s) or guardian(s) are agreeing to indemnify and hold the School, the School District, the Data Acquisition Site that provides the computer and Internet access opportunity to the School District and all of their administrators, teachers, and staff harmless from any and all loss, costs, claims or damages resulting from the user's access to its computer network and the Internet, including but not limited to any fees or charges incurred through purchases of goods or services by the user. The user or, if the user is a minor, the user's parent(s) or guardian(s) agree to cooperate with the School in the event of the School's initiating an investigation of a user's use of his or her access to its computer network and the Internet, whether that use is on a School computer or on another computer outside the School District's network.

I. UPDATES: Users, and if appropriate, the user's parents/guardians, may be asked from time to time to provide new or additional registration and account information or to sign a new Policy, for example, to reflect developments in the law or technology. Such information must be provided by the user (or his/her parents or guardian) or such new Policy must be signed if the user wishes to continue to receive service. If after you have provided your account information, some or all of the information changes, you must notify the person designated by the School to receive such information.

PARENT/GUARDIAN AGREEMENT

As the parent or legal guardian of the above student, I have read, understand and agree that my child or ward shall comply with the terms of the School District's Acceptable Use and Internet Safety Policy for the student's access to the School District's computer network and the Internet. I understand that access is being provided to the students for educational purposes only. However, I also understand that it is

impossible for the School to restrict access to all offensive and controversial materials and understand my child's or ward's responsibility for abiding by the Policy. I am therefore signing this Policy and agree to indemnify and hold harmless the School, the School District and the Data Acquisition Site that provides the opportunity to the School District for computer network and Internet access against all claims, damages, losses and costs, of whatever kind, that may result from my child's or ward's use of his or her access to such networks or ids or her violation of the foregoing Policy. Further, I accept full responsibility for supervision of my child's or ward's use of his or her access account if and when such access is not in the School setting.
